

AGENDAX V6.5 UNINSTALL INSTRUCTIONS

If you wish to uninstall AgendaX, please follow the following steps:

- Stop the AgendaX Update Service
- Close any instances of MMC (Microsoft Management Console), e.g. Services, Event Viewer
- Open a command prompt and change to the AgendaX installation folder, e.g.
CD C:\Inetpub\AgendaX
- Enter the following command:
AgendaXSrv.exe -u
(this will uninstall the AgendaX Update Service)
- Uninstall AgendaX from Control Panel / Programs / Uninstall a program
- Delete the remaining files from the AgendaX installation folder

Should you have any difficulties uninstalling the product, please contact support@agendax.net.
